## NOTES:

### Indeterminate

The establishments in this category do not maintain an employee payroll, but may have a workforce which consists of contracted workers, family members or business owners. However, the Business Register does not have this information available, and has therefore assigned the establishments to an "Indeterminate"

The businesses included in this survey are those with annual sales revenue more than \$30,000. Therefore, a large number of small operations are not included.

The Ontario Ministry of Tourism and Recreation classifies the following industries at NAICS 6-digit level as the Tourism-related Sectors:

The North American Industry Classification System (NAICS) was developed in 1997 by the three North American Free Trade Agreement (NAFTA) trading partners to classify businesses throughout the three countries according to their activity(ies) and appears in Statistics Canada's products as of December 1998. The NAICS structure is the following: 2 digits / Sectors (20); 3 digits / Sub-sectors (99); 4 digits / Industry groups (321); 6 digits / National industries (931)

#### Accommodation
